

Dear Chamber Member,

We are excited to announce a new event happening throughout Oneida County this November. For the first time ever, our business community will work together to form a Taste of Oneida County restaurant week.

This initiative will allow Oneida County to show off our wide variety of Northwoods cuisine, while encouraging business and travel during an otherwise slow season.

To participate, restaurants will prepare a 3-course meal at a set dinner and/or lunch price. You can prepare your restaurant's staple dish, a seasonal special, a one-time-deal or any combination thereof.

By participating, your business and Taste of Oneida County restaurant week menu will be included on the brand-new oneidacountywi.com (launching this summer) as a featured business. The event will be promoted across social media, e-newsletters, TV appearances and more.

Your participation ensures your brand will be front and center in content that will reach thousands of potential visitors. It's a chance for people to learn more about your business, see the hype surrounding your restaurant and experience Oneida County's expansive dining scene.

Want to participate? Sign up for future communications at:

oneidacountywi.com/restaurant-week/

For additional questions, contact your chamber director:

Minocqua:

Krystal Westfahl at (715) 356-5266 or krystal@minocqua.org
